

## **September 13**

### **Pursue God Connect with the Church Engage the World**

#### **Questions:**

1. What is the mission for Fusion? Why do we want all of our students to do these three things?
2. How do you think you need to pursue God? In what area do you want God to teach you more about what it means to follow him?
3. Why is it important that you connect with the church? (Make sure the students realize they have an important role to play in the church.)
4. Who is our neighbor? Why does God say that everyone is our neighbor, and it is our responsibility to love everyone and share the gospel with all?
5. How do you (as a small group and personally) want to be involved in supporting our Engage the World ministries?

#### **Service Opportunities:**

*Discuss each statement with your students and talk through the way these can be applied in their life:*

*Pursue God – life journals, reading plan (pass out reading plan cards to your students) and attending fusion on a regular basis*

*Connect with the Church – attend adult service at least once a month, attend service parties (destocking for girls, cleaning for boys)*

*Engage the World – discuss possible options for a service project for your small group as a whole from the list provided or through your own connections, discuss attending Camp Spearhead projects in the spring and summer with all fusion students, discuss ways your small group can support the Bahamas*
