

January 31
Week 12
Relationship with the Church: Communion

Text: *1 Corinthians 11:23-28*

Main Point: *Communion expresses our dependence upon Jesus and our commitment to the church. Baptism and communion are outward expressions of internal beliefs.*

We will spend time reviewing baptism and then discuss the purpose and importance of communion. Write down any specific questions your students have about communion or things they are struggling to grasp and leave them on the check-in desk.

Questions:

1. *Do you think that communion is important? Why or why not?*
2. *What happens to you when you eat the bread and drink the wine/juice?*
3. *Why do we take communion regularly? Why not just one time like baptism?*
4. *Why do baptism and communion mean so much to some people and so little to others?*
