

**February 21**  
**Week 13**  
**Relationship with Parents**

**Text:** Ephesians 6:1-3

**Main Point:** Obeying your parents is obeying God.

*This week we will talk about the students' relationship towards their parents. The goal will be to help them understand that God is in control, that he has them in the family he does for a reason, and that obeying them is the exact same as obeying God.*

**Questions:**

1. Do you ever struggle to obey your parents? Why is it difficult to obey?
2. Should you obey your parents even when they aren't being fair? Why?
3. Is it possible to happily obey even when you disagree with your parents? How does trust in God help you do this?
4. What are some ways you could build a closer relationship with your parents?
5. How would you respectfully explain to your parents that you disagree with them and would like for them to change their mind about a rule or a decision they have made?
